### Building

The innovative design came from architect Jørn Utzon, who was relatively unknown until January 29, 1957 when his entry to the 'International competition for a national opera house at Bennelong Point, Sydney' was announced the winner. The War Memorial Center 1957 was designed by Finnish-American architect Eero Saarinen; the Kahler Building 1975 by David Kahler; and the Quadracci Pavilion 2001 by Spanish architect Santiago Calatrava.

### Building

Once a year, the people of Djenné have a festival and work together to do any necessary repair work to the mosque.

### Residential Metal & Steel Pole Barn Buildings

This gothic-looking church is in Southern Colombia, the site where a woman and her daughter reportedly saw an apparition of the Virgin Mary in 1754, which made the previously deaf and mute daughter able to speak.

### Steel Buildings

Lockable sliding door that helps keep your stored belongings safe, the shed's doors have a tall walk-in style for convenient access.

### Modular & Pre

The difference between a good building and a great building is not only how it functions today, but how it looks, performs and functions years from now. Harpa Concert Hall, Reykjavik The Harpa Concert Hall consists of a steel framework clad with geometric glass panels Image credit: Henning Larsen Harpa concert hall in Reykjavik was designed by Danish-Icelandic artist alongside and. The Persian tiles on the exterior were added by Suleiman I in 1561; the interior decoration was added to later with marble, mosaic and faience.

### Steel Buildings

The Shard, London The Shard is an 95-storey skyscraper, which sits in the heart of London Also referred to as the shard of glass, The Shard is an 95-storey skyscraper, which sits in the heart of London. At the time, this gorgeous Art Deco skyscraper was almost outdone by the Bank of Manhattan but its spire which was constructed in secret enabled it to take the title of 'tallest building in the world' in 1930.

## **Buildings**

The kaleidoscope effect of the crystalline shell deploys light and colour that plays with your senses when you enter the building. Construction began in 1793 and was completed in 1801. Organization and comfort matters for your new storage space or backyard retreat.
