### **Chapter 3 The Danger between Nature and Culture: The Quotidian Threat of Urban Fires in the Premodern Era in: Prometheus Tamed**

Concerning the standard application of fastidious engineering surveys of such burned cities, these otherwise hardly significant communities paradoxically possessed a higher status in terms of implementable innovations and administrative techniques than many of the traditional imperial cities of the South. Although not all fires were major and extensive, fires were also less easily controlled than they are now; thus, a simple house fire more frequently resulted in the loss of many houses.

#### **DISASTER MANAGEMENT**

Knowing alert and knowing what to do when a disaster event how to access, interpret and respond appropriately warning is issued, how to be safe during an emergency to the abundance of rich information is key. Joan is publicly burned in the city of Rouen. The began to fall sharply after 1981.
