## Vol. 13, No. 2/3, 1954 of Western Folklore on JSTOR

A housewife assisted by her servants if she had any often had to bake her family's bread and brew their beer it was usually not safe to drink water.

### Italy

**Abstract** This article compares the impact of plague across Europe during the seventeenth century. However, there is still much to say about the macro-economic consequences of these demographic catastrophes.

### 17th

Italy, for example, faced the most virulent plagues since the Black Death. Cremona The was made by Andrea Amati c. Across the Northern Hemisphere, the mid-17th century experienced almost unprecedented death rates.

### The Use of Proper Names in Wellerisms and Folk Tales

. As already noted, the action of health authorities does not explain either why Tuscany was less affected than northern Italy in 1630, or why the 1656—1657 plague spared precisely the areas affected by the earlier epidemic.

### Commedia dell'arte

By the 1870s and 1880s, evolutionary ideas of male sexuality as a biological imperative, which added fuel to many male writings on gender, were countered by those who argued that 'civilisation' enabled humans to transcend animal instincts. Subsequent historians interested in the General Crisis include , who has authored multiple books on the subject. Mortality, and not only economic or commercial growth, is a key factor explaining the changing demographic weight of different parts of the continent.
