This, however, came back to him later on when Hal prepares for battle by putting on layers of jackets for a tickle match-up with him.

Hale

In 1968 , HAL is initially considered a dependable member of the crew, maintaining ship functions and engaging genially with his human crew-mates on an equal footing. He even once suggested they did not need to get him a Christmas gift due to him being too young to know it was

Christmas.

Bednarz adapted the lens design from an earlier lens he had designed for military training to simulate human peripheral vision coverage. But, from time-to-time, we did have issues with others trying to use 'HAL'. HAL finally reverts to material that was programmed into him early in his memory, including announcing the date he became operational as 12 January 1992 in the novel, 1997.
