### Rogers International Commodity Index®

The ban covers postconsumer mixed plastics, unsorted mixed paper, textiles, and more. Events CRU Events creates industry leading commercial and technical events for the global commodity markets. Beeland Interests does not, nor does any of its affiliates or agents, make any express or implied warranties, and each expressly disclaims all warranties of merchantability or fitness for a particular purpose or use with respect to the RIC<sup>®</sup>, any sub-index thereof, and any data included therein.

### Commodity Trading on Global Commodities Markets

As a result, multiple component changes are often implemented simultaneously. Our knowledge of the sectors we serve, combined with our trusted market relationships, enables us to deliver valuable programmes, driven by topical themes addressed by the thought leaders in our industries. Every customer of the official grain inspection and weighing system receives consistent, accurate service because every official service provider operates under uniform standards and procedures that are communicated through technical handbooks.

### Commodity Markets: A Brief Overview

The recent Basel Convention changes impacting plastic waste will have additional effects on the flow of recyclable material to these countries. As of late 2020, Ecuador, Indonesia, Gabon and Qatar have terminated their membership in the preceding years.

### International Commodity Agreements : Handbook on International Trade Policy

Given that 30% of all maritime crude oil passes through the Strait of Hormuz, understanding the geopolitical climate is a must! The value of this basket is tracked via futures contracts on 38 different exchange-traded physical commodities, quoted in four different currencies, listed on nine exchanges in four countries. The Handbook on International Trade Policy is an insightful and comprehensive reference tool focusing on trade policy issues in the era of globalization.

### International Policies Affecting Global Commodity Markets

No information set out above constitutes advice, an advertisement, an invitation, a confirmation, an offer or a solicitation, to buy or sell any security or other financial, credit or lending product or to engage in any investment activity, or an offer of any banking or financial service. The index was designed to meet the need for consistent investing in a broad-based international vehicle; it represents the value of a basket of commodities consumed in the global economy, ranging from agricultural to energy and metals products.
