Math Worksheets

Further challenge students by having them add or subtract the tossed bean bags! Teaching chance and probability to students should be more interesting with these small magnetic dice.

Test your Multiplication

Older children can play more strategically by remembering where the cards from their list have been placed. Rolf Connect is the perfect combination of physical and digital gaming and learning.

Basic Arithmetic Practice Tests

Simply connect the Hub to your device via Bluetooth connection, and download the Rolf Connect App. Contents: 4 x farm playing boards, 24 x farm cards, 4 x farmer cards, 1 x instruction leaflet Box Size: 26 x 22. The game can also be used for visual demonstrations of number patterns.

Test your Multiplication

Pick one of our Basic Arithmetic practice tests now and begin! Math and other subjects in turn will become creative and fun.

Math Worksheets

The LOGICO Mathematics Problem Solving learning cards, consist of a set of 16 cards that help children to improve concentration, logical thinking and imagination, awareness of mathematical relations in everyday life, problem solving strategies, and comprehension of mathematical concepts. Teach place value concept and number word problems in a fun and exciting way! Their innovative approach to product design and brand creation begins and ends with safety. After painting the moon with flour paint, add craters with bottle top.

Test your skills: Math

The blank playing cards allow you to create your own games. The Rolf Connect Hub is a smart device that allows interaction between the student

and digital applications. The Numbers 0 to 30 set introduce students to number recognition, counting and writing numbers 0 to 30.
