## Iryna Chuzhynova

A group of Chinese scientists and explorers in 2010 proposed to renew searches in the Forestry District of province, which was the site of expeditions in the 1970s and 1980s. Professor whose team carried out the analysis of the samples at Oxford university has his own theory. The prints were undoubtedly those of a biped.

## Yeti

Casts were made of the prints for further research.

## Iryna Chuzhynova

The story then claimed that border patrol soldiers captured a hairy two-legged female creature similar to a gorilla that ate meat and vegetation.
