**Bujo Insure**

The sun is almost 93 million miles from the earth, and its light reaches us in eight minutes. Logic and mathematics, useful as they are, are only intellectual training for the philosopher.

**The art of philosophizing, and other essays : Russell, Bertrand, 1872**

There is something ignominious in going about sustained by comfortable lies. Contents: The art of rational conjecture --The art of drawing inferences --The art of reckoning.

**The Art of Philosophizing: and Other Essays**

There are still a good many points about which you and he will agree, but how if you have to argue with a Turk or a Hindu or a Confucian? A book that has been read but is in good condition. This is important practically, since it allows necessary compromise, and prevents acceptance of some rigid bloc of opinions. Particularly and surprisingly well-preserved; tight, bright, clean and especially sharp-cornered.
