Licensees shall notify their employer or client and such other authority as may be appropriate when their professional judgment is overruled under circumstances where the life, health, property, or welfare of the public is endangered. Licensees shall issue no statements, criticisms, or arguments on technical matters which are inspired or paid for by interested parties, unless they explicitly identify the interested parties on whose behalf they are speaking and reveal any interest they have in the matters. The Test The computer-based is administered by the National Council of Examiners for Engineering and Surveying and can be taken year-round at NCEES-approved Pearson VUE test centers.
