Murder by the Book

Written by Trivia When Melissa opens her tell all book to sign it for Dr Sloan, she finds a threatening message in red felt pen. What a shame that this popular Australian author is so unknown here! It turned out to be a decent true crime book for this time period. There is also Martha, the local bakery owner who never liked Addie from the start.

Murder by the Book by Lauren Elliott

The long list of characters in the front of the book should have given me a clue. I think mental health is likely the missing puzzle piece and by his own admittance, Courvoisier claimed to have been in a rage. added another layer to this already convoluted tale.
