## Department of Sociology and Anthropology

But for students who may not have direct experience with some of the social issues raised in our classes, studying sociology helps students to not only better understand the world around them, but sociology helps students to better understand they own lives. While holding dear to the rich historical traditions of the medium, the dialogue surrounding what a print is will often be augmented by the investigation of what a print can be in the contemporary context.

A high number of elective credits ensures flexibility in the unique paths our students take. Minor Film Studies is concerned with exploring the narrative, artistic, cultural, economic, and political implications of the cinema. With sociological knowledge we become more aware of ourselves, of other people, and of the world we all live in.
