1960 United States presidential election

I told him that Patriots are waiting for the system to run its course; that we should allow all the people in government to go on record. But there is a difference between prophecy and prediction. Urban counties with millions of people have no DMV? I thought he should have used the military as commander in chief, seized the vote machines, all records, seized control of all news outlets to provide transparency, held a revote by paper ballot, with voter ID, installed minimum national election standards, arrested multitudes for treason, and cleaned up this mess once for all.

What happened to American jobs in the 80s

Anyone with eyes to see can tell that many photo ops were NOT in the ACTUAL White House. They are coming for us.

CGTN

I think you're going to find it very difficult to explain why we are going to take hostile military action in Cuba against those sites - what we've been thinking about. The American electorate has been dry heaving for decades. Unless they reversed course, the only way to undo the knot would be to cut it.

Voters need help: How party insiders can make presidential primaries safer, fairer, and more democratic

Reforms to increase voter participation or reduce the influence of money for example have pros and cons, but they can no more address the absence of professional input than putting more passengers on airplanes or adding flights can remedy a shortage of air-traffic controllers. The lights go out at the White House every night with the flip of a switch.
