Ithaca, NY: Cornell University Press. John Dewey Theory of learning by doing John Dewey and other pragmatists are convinced that students or other persons who are learning must experience reality as it is. Originally published by Longman Green, London, 1899.

Educational Theory of John Dewey

Today this is called prior knowledge, or context.

Contribution of John Dewey to Education

Consciousness Like mind, consciousness is also a verb—the brisk transitioning of felt, qualitative events. In addition to fulfilling his departmental obligations and administering the School of Education, Dewey published several books and articles on education and philosophy.

Experiential learning theory

What institutions are involved in the educational process? Dewey 1938 postulates that experience and education do not directly relate because some experiences are not educational, such as an experience that prevents or distorts the growth of further experience p. Harris, helped Dewey decide to attend graduate school in philosophy at Johns Hopkins University in 1882. There is no doubt in my mind that Christian educationalists, aware of the tremendous gap which separates them from the forces that rule the world today, have to deal with ideologies which treat vital spiritual and cultural issues as lying outside their sphere of competence.

Educational Theory of John Dewey

The error is to see a gap between a Child's interest and necessary subject matter for appropriate subject matter is not something fixed and ready made outside a child's interest.
