Waboku

The sword itself features two distinct sides, with a narrow cutting edge located down the entirety of one length and a wide platform section on the other.

Shibuki (sword)

Naruto called off the match and told the two to perform the Seal of Reconciliation. As Kawaki turned his attention to Naruto and check on his condition, Boruto suddenly assaulted Sasuke, stabbing his Rinnegan, now under 's control.

Oda Nobuna

Proceeding this, Kawaki trained in ninjutsu and continued repairing the vase, as well as spent time with Boruto and his peers, during which he opened a and got a card, which he traded for Boruto's Seventh Hokage card. However Juubei won this challenge unfairly due to Tsuda Sougyu's interference and proceeded to brag about it. However, while appearing to be confident in his ability to defeat the Outers, he knows better than to believe than he could possibly come out on top against any of the Inners, knowing of their completely monstrous might, and has shown fear of them, sweating in the presence of Delta and expressing brief but great shock that Naruto could be more powerful than even Jigen, who he knew fully well was the strongest member of Kara.

Kawaki

She is probably the only woman Nobuna doesn't think will try to steal Yoshiharu from her she might very well be right too , and Nagahide displays no personal interest towards him, rather she goes to lengths to attempt to bring Yoshiharu and Nobuna together, which usually doesn't work. Finally, it was only after watching him predict Saitou Dōsan's thoughts that she believed he might be from the future as he claimed and began to truly warm up to him.

Shito

During it, he would constantly berate Kawaki as only having value as a vessel for the Kāma and would strike the boy whenever he questioned him.

He would constantly be put through gruelling training, all so he'd master the Kāma and become a perfect vessel for , as Jigen wanted. It was temporarily replaced by an advanced prosthetic that was powered by Naruto's chakra.
