## Appeal in International Arbitration—an efficient and affordable arbitral appeal mechanism

If a reader wants to know what the influential voices in international law are saying right now, and in a concise and readable format, this is the publication to have. This volume brings together significant contributions from leading voices in academia, the legal profession and government on the increasingly important topic of international investment and the legal system in which it operates. It discusses the inter alia involved in the development perspective in the establishment of an appellate process in the investment sphere.

## Appeal in International Arbitration—an efficient and affordable arbitral appeal mechanism

It identifies some of the potential appellate options, and focuses on the development perspective to such a proposal. For questions on access or troubleshooting, please check our , and if you can't find the answer there, please. The authors also seek ways to streamline and improve the system, channeling the benefits of free trade and investment flows to people in both the developing and emerging markets.

### **Appeals Mechanism in International Investment Disputes**

It also discusses various developments that have led to a number of learned conferences on investment arbitration in which the proposal for an appellate system has been the subject of discussion involving both academics and practitioners in the field.

### **Appeals Mechanism in International Investment Disputes**

Selected sections include concise commentaries to further illuminate the timely themes covered by the chapters.
