Disability Awareness: How we can integrate people living with disabilities into our societies

People with disabilities can add to the diversity of thought that brings a fresh perspective and innovation to the workplace.

The Disability Integration Act

Whatever number you use, the percentage of people with disabilities is large and growing each year — especially as Canadians get older.

Differently abled and their social integration

In an effort to address this problem, the Disability Integration Act DIA was crafted and will, hopefully, be introduced in Congress within the next few weeks. At the Toronto Dialogue on diversity roundtable, Mark spoke about how his hiring and supporting people with disabilities has been a successful endeavour for the business. Companies that bid on federal contracts and industries that are federally regulated under the Canadian constitution are regulated by the Act.

Community Integration for People with Disabilities

We are in a sort of tower of Babel in which there is the greatest confusion about human nature and the truth about man.

Differently abled and their social integration

When Mark and Valarie opened their first Tim Hortons franchise in 1995, they realized they needed more employees. For example, hiring practices that exclude disabled people.
