### Maria Montessori, a Woman Who Revolutionized Education In the Twentieth Century

From 1930 on, Montessori and the Italian government came into conflict over financial support and ideological issues, especially after Montessori's lectures on Peace and Education. She expanded the range of practical activities such as sweeping and personal care to include a wide variety of exercises for the care of the environment and the self, including flower arranging, hand washing, gymnastics, care of pets, and cooking.

## **Maria Montessori (1870**

Growing up in a country that was, at the time, very conservative in its attitude toward and treatment of women, Montessori pursued a medical and scientific education. She continued to adapt and refine the materials she had developed earlier, altering or removing exercises which were chosen less frequently by the children. Montessori spoke at Carnegie Hall in 1915.
