The money should pay for 5,500 homes to be built during the next 18 months. Further topic areas can be viewed in the page. The next Scottish Parliament has the opportunity to ensure we do just that.

RHNA

First, it incorporated 2050 Households projections from the , whereas the Proposed Methodology used projections from the Draft Blueprint. However, the has been on decline since 2005 and amounted to 65.

U.S. Housing Market

Building those kinds of homes is no easy feat, especially considering the cost of land in Vancouver. The reports present counts and estimates of employment, population, households, and housing inventory.
