List of parties to the Comprehensive Nuclear

If, in the opinion of the Director-General, the non-acceptance by a State Party of proposed inspectors or inspection assistants impedes the designation of a sufficient number of inspectors and inspection assistants or otherwise hampers the effective fulfilment of the purposes of an on-site inspection, the Director-General shall refer the issue to the Executive Council. Changes shall become effective 30 days after the Technical Secretariat receives such notification, to allow appropriate notification to all States Parties. The Director-General shall provide appropriate information in the possession of the Technical Secretariat relevant to such a concern.

Comprehensive Nuclear Test Ban Treaty

This activity serves a key role in the transition of scientific advances from universities to government agencies. Hein Haak of the Netherlands is Chairperson of Working Group B. The inspection team shall have the right to use codes for their communications with the Technical Secretariat; d Samples and approved equipment carried by members of the inspection team shall be inviolable subject to provisions contained in this Treaty and exempt from all customs duties.

Comprehensive Nuclear Test Ban Treaty

The conditions under which supplementary data from such facilities are made available, and under which the International Data Centre may request further or expedited reporting, or clarifications, shall be elaborated in the operational manual for the respective monitoring network. In order to: a Contribute to the timely resolution of any compliance concerns arising from possible misinterpretation of verification data relating to chemical explosions; and b Assist in the calibration of the stations that are part of the component networks of the International Monitoring System, each State Party undertakes to cooperate with the Organization and with other States Parties in implementing relevant measures as set out in Part III of the Protocol. The State Party may include the reason for the objection.

Nuclear Test Ban Treaty

Follow-up After Submission of an On-Site Inspection Request 39. For the current activities regarding the CTBT, see. Article II The Organization A.

Show Treaty

With respect to the responsibilities of the Technical Secretariat for preparing and submitting to the Executive Council the draft programme and budget of the Organization, the Technical Secretariat shall determine and maintain a clear accounting of all costs for each facility established as part of the International Monitoring System. Part III Confidence-Building Measures 1.

The Comprehensive Nuclear

Subject to the agreement of the Executive Council, the Technical Secretariat shall then formally designate such a facility as a cooperating national facility. It is therefore all the more urgent for the CTBT to enter into force as soon as possible.

Show Treaty

The International Monitoring System shall fulfil the technical and operational requirements specified in the relevant operational manuals. Such privileges and immunities shall be accorded to them for the entire period between arrival on and departure from the territory of the inspected State Party, and thereafter with respect to acts previously performed in the exercise of their official functions. If the inspected State Party considers that there has been an abuse of privileges and immunities specified in this Protocol, consultations shall be held between the State Party and the Director-General to determine whether such an abuse has occurred and, if so determined, to prevent a repetition of such an abuse.
