empirical articles that deepen the understanding of significant economic geography issues around the world. Above and beyond the isolated facts, it is necessary to discern broad tendencies, the transitions from one social system to another, and to work out the fundamental motor forces that determine these transitions.

Relation Between State and Society and Different Theories

For further information: History of Economic Ideas
History of Economic Ideas is a new international series of Quaderni di storia dell'economia politica, a journal founded in 1983 to promote collaboration between scholars who share an historical approach to the major issues, the various revolutions which have left their mark on economics and the spread of economic ideas beyond the narrow circle of specialists.

Communism in India

The alternative is a system based on production for the needs of the many and not the profit of the few; a system that replaces chaos and anarchy with harmonious planning; that replaces the rule of a minority of wealthy parasites with the rule of the majority who produce all the wealth of society. The bourgeoisie and its intellectual representatives are, quite naturally, unwilling to accept this fact. PEE is a biannual journal, usually published in June and December.

Capitalism	
Pros	Cons
<ul style="list-style-type: none">• Incentives to be rich encourage innovation.• Firms have incentives to be efficient.• Consumers free to choose products they desire.• Prevents large bureaucratic government.• Better than alternatives	<ul style="list-style-type: none">• Firms can gain monopoly power and exploit consumers• Firms with monopsony power can pay low wages• Externalities can damage the environment• Tends to lead to large inequality• Prone to 'boom and bust' in economic cycles.
