I was delighted with the presentation and especially appreciated the hard work and efforts dedicated on the safety file. Thanks Mari, you have gone the extra mile to make this happen.

Importance of Audio Visual solutions in modern education. The importance of audio visual technology in education

Some primary schools have successfully used Create-A-Scape, a free learning resource from Futurelab that uses the GPS and camera functions of a handheld device such as a PDA, enabling learners to create learning journeys that are enhanced by audio-visual materials: collections of sounds and images are triggered when the user moves into a particular geographical area. It is a joy for JRA to work with such dedicated and talented contractors. Therefore exposure to AV technology in education is imperative.

HFC Audiovisuel

You need video conferencing for your business? In these times of COVID19, all businesses should be using this technology. Not exposing children to different forms of technology is depriving them of vital learning opportunities that could benefit them in later life for example through increased career opportunities.
