## The Bending Cross a Biography of Eugene Victor Debs

But while Debs moved steadily leftward, the institutions he left behind still existed, the Brotherhoods continuing to be reactionary strikebreakers and Samuel Gompers' conservative AFL hostile to industrial unionism and offering tepid, wavering support for various actions and causes, and none at all for socialism; and the AFL style union is what has ended up the default, officially-recognized type of union today.

Ray Ginger may gloss over some of Debs' faults - it is an affectionate biography - but this is a very good chronicle of a great man. The prose he left behind is magnificent.
