Second, even if specie had moved South and West, a mechanism for bringing it back to New York would have been in place for use during times of financial stress. Louis McLane, of Delaware, took his place August 8, 1831, a man of better balance and more liberal spirit, trained in the older school of politics. Money a means of cutting up property houses, other capital into countless fragments and consuming it piece by piece through exchange.

The works of David Ricardo. (1888 edition)

Enormously successful as a stockbroker, Ricardo 1772-1823 was able to lead the life of a wealthy country squire, while his intellectual interests caused him to move in the circles of Thomas Malthus and James Mill. Biddle, he said, had started the panic. Every increase of the number of purchases produces the same effect as a total increase of money; a decrease of this number produces directly the opposite effect.
