## Ten Simple Rules to Protect Your Intellectual Property

Barro in a series of studies for almost 100 countries for the period 1960—1985 found that the growth rate of real per capita GDP was positively related to initial human capital, proxied by school enrolment rates, and negatively related to the initial 1960 level of real per capita GDP, suggesting convergence in growth rates.

## Entrepreneurship, institutional economics, and economic growth: an ecosystem perspective

The implicit assumption that is relevant to this study is that there are critical factors throughout all three stages that need to be considered when contemplating a new venture. As universities come under greater pressure to change their traditional character and become more innovative and entrepreneurial, the successful implementation of new managerial perspectives is important if they are to succeed.

## Social Entrepreneurship: The Case for Definition

. Apart from the novelty of the solution or idea, it was first critical for entrepreneurs to completely understand as much as possible about the need expressed by the market or the problem being experienced.

## How Intellectual Property Can Help or Hinder Innovation

Factors in Favour of Entrepreneurship Development 7. The country has laid a strong foundation broad based its infrastructure and provided much needed support and assistance. It is also noteworthy that generally speaking the percentage of answers over the total of surveyed enterprises in the seven sectors show the little importance that is placed on permanent education and training programmes.

## Prior Knowledge and the Discovery of Entrepreneurial Opportunities

### **The Knowledge Café Concept**

The Knowledge Café is a conversational process that brings a group of people together to share experiences, learn from each other, build relationships and make a better sense of a rapidly changing, complex, less predictable world to improve decision making, innovation and the ways in which we work together. Strategic Management Journal, 7 3 , 233—249.

### **Sources, availability and uses of knowledge in enterprises in Bogotá, Colombia**

We will cover this in more detail in Rule 10. How might this agenda be pursued while remaining vigilant to the sanctity of the academic enterprise? Journal of Management Studies , 41 1 , 61-84. While a secret shared under a non-disclosure agreement NDA —documents most people have heard about but probably never read—ought to stay secret, discussing an invention under the umbrella of confidentiality is no substitute for being able to freely discuss or publish an idea that is protected by a patent application.
