## Review: Maxxis Rambler Folding SS TR tyre

The Nash Metropolitan was not sold in Australia. They were available in three series - LaFayette, Ambassador Six, and Ambassador Eight. High costs, low sales and Nash's focus on the Rambler line led to the termination of Nash-Healey production in 1954 after 506 automobiles had been produced.

## Motorola Rambler

The availability of the latter boosted Rambler's popularity in southern states and was a sign of its growing popularity with more affluent buyers. However, power was still only provided by a six cylinder engine, now bored out to 252 CID. The list of body styles included a sedan, 2-door sedan, station wagon, and hardtop.
