Parts II to IV examine the foundations of political order: the origins of states and the extent to which they relate to war and to economic development; the sources of compliance or political obligation among citizens; democratic transitions, the role of civic culture; authoritarianism; revolutions; civil wars and contentious politics. Collective Action Theory-- PART III. Lastly, inasmuch as this handbook series aspires to shape the discipline and not just describe it, many chapters in this handbook usefully conclude with a precise outline of the future research agenda as seen by the author.

The Oxford Handbook of Comparative Political Theory

American Sociological Review, 50: 47—61.

The Oxford Handbook of Comparative Politics (Oxford Handbooks of Political Science)

The Handbook is organized into three parts: the first part identifies foundational concepts for the French case, including chapters on republicanism and social welfare; the second part focuses on thematic large-scale processes, such identity, governance, and globalization; while the third part examines a wide range of issues relating to substantive politics and policy, among which are chapters on political representation, political culture, social movements, economic policy, gender policy, and defense and security policy. The Oxford Handbook of Comparative Politics offers a critical survey of the field of empirical political science through the collection of a set of chapters written by forty-seven top scholars in the discipline of comparative politics. In part this resulted in tumult and a crisis of governability; however, it also gave rise to innovation in the form of Eurocommunism and new forms of political accommodation.

The Oxford handbook of comparative politics in SearchWorks catalog

The Handbook offers a vital account of constitutional challenges and opportunities at the time of the 150th anniversary of Confederation.

The Oxford Handbook of Comparative Politics

New York: Cambridge University Press.

Oxford Handbook of Comparative Politics

But all International Relations theories have both empirical and normative aspects; even methodological choices entail implicit normative commitments. Coalition Theory and Government Formation-- PART VIII. Under the hegemonic influence of Christian Democracy in the early post-World War II decades, Italy went through a period of rapid growth and political transformation.

Comparative political theory seeks to devise new intellectual frames for addressing these challenges by questioning the canonical that is, Euro-American categories that have historically shaped inquiry in political theory and other disciplines.

Oxford Handbook of Comparative Politics

This sets the agenda to the systematic exploration of the workings and effects of particular institutions: electoral systems, federalism, legislative-executive relationships, the judiciary and bureaucracy. Categories: Political Science This volume provides a comprehensive survey of where we are in the study of political institutions, covering both the traditional concerns of political science with constitutions, federalism and bureaucracy and more recent interest in theory.
