Careers in Scotland

The NQF was replaced with the QCF, in 2010, which was a which indicated the size of qualifications measured in learning hours , as well as their level. Fill 1 Created with Sketch.

Early Career Framework

If the majority of sub-measures 4 or more have seen an increase, the Education Attainment indicator arrow will show Performance Improving. Holder can analyse, interpret and evaluate relevant information and ideas. Schools can use or draw upon any of four core induction programmes published here in whichever way is most beneficial to them and their early career teachers.

National qualifications frameworks in the United Kingdom

Scottish Colleges College courses are considered to be more vocational, with studies predominantly leading straight into employment within a specific industry. Learning at this level involves obtaining detailed knowledge and skills.
