### ArabTRUST

However, if any Member demands a secret ballot before a vote by voices or show of hands has begun, voting must be by secret ballot. Please return the spoiled ballot paper to the Returning Officer at the same time. For more information on how to change your financial year end date, view.

### ArabTRUST

Supporter groups should also be committed to producing financial reports to every meeting of the Trust. The Group will aim to determine the appeal within 7 days of having received it.

### Rules for an Unincorporated Association

The profits or surpluses of the Trust can only be used to maintain prudent reserves and on expenditure to achieve the Trust's objectives. Alternatively, the association can expressly address those items by changing its rules.

### Home Affairs Department

Societies may want to take their own legal advice to consider any risks arising from action taken by members as a result of a breach of their own rules. The provision for video and online conferencing is referenced in the rules regarding society board meetings and this interpretation can be extended to general meetings.

### Sample rules for a society

The primary aims of a MAC are to promote a sense of friendliness, mutual help and responsibility among members, and to promote better security, a better environment and, generally, more effective management within the building. This guidance is available to download.

### Model governing documents

You can also staple it closed but please do not use sellotape as this can damage the ballot paper so much that it is spoiled when is being opened at the count. Remember that all of your members may not be au fait with communicating electronically so try to choose a service which is simple to use.

### **About Industrial Provident Societies**

The relevant provisions of the model rules will be deemed to apply, to ensure the mandatory items listed in Schedule 1 of the Act are addressed.
