Shakespeare's Sonnets

He tells his mistress that she should act charitable with him and allow him to sleep with her which should not affect her conscience because after the entire only thing she desires is physical pleasure. Philosophically examining what love for another person entails, the poet urges his friend not to postpone his desertion of the poet — if that is what the youth is ultimately planning. Boston, Little, Brown and co.

Shakespeare's Sonnets Sonnet 130

It is cheaper but not so well made as the others.

Examples are 41 and 44, in both of which, as is natural under the circumstances, the couplet becomes part of the sestet, though it is left as detached as possible; but in only one case 63 do the first two quat- rains run together without a pause. This I do vow and this shall ever be; I will be true, despite thy scythe and thee. It is perhaps going too far to say that this difficulty renders the Pembroke hypothesis alto- gether untenable; for there remain two alternative possibi- ties.
