## HS Code 4823

Paper is used for several purposes. Large numbers of cellulose molecules form fibres — the length, shape and thickness of which vary depending on the plant species concerned. The graphic-paper segment includes newsprint, printing, and writing papers.

### 500 items: Additional duty increased to 4 percent

The paper industry is a major user of energy and other resources.

### Govt urged to change paper import policy

That last topic has gained huge momentum in the past couple of years as concerns over plastic waste have added to the concern over CO<sub>2</sub> emissions from fossil-based packaging materials.

### Chapter 48: Paper and paperboard; articles of Paper pulp, of paper or of paperboard Central Excise Duty and Tariff.

As such, paper and paperboard packaging forms a very important end product for the recovered paper sector.
