The other major side-effect of the operation of the ratchet and Micawber principles brings us to another crucial dimension of the Soviet planning in practice 29 Soviet, as of any other industrial, economy—research and development and innovation. It was an essentially conceptual watershed, and it did, indeed, give perestroika a clear conceptual basis for the first time.

Restructuring the Soviet Economy

After all the talk about primitive socialist accumulation and pumping-over, it never happened because Stalin made such a bloody mess of collectivization. Stakhanov was a record-breaking coal-miner in the mid-1930s.

Restructuring the Soviet Economy

The variable element was very substantial for management workers, with their bonuses in the top priority iron and steel industry coming to 51.

Restructuring the Soviet Economy

In any case, as we shall see later, the peculiar form that dual technology takes in the Soviet Union is a largely unintended effect of certain characteristic weaknesses in the planning system.

He has studied the Soviet Union and Eastern Europe for over 20 years, during which he has travelled in the area extensively. It was the 1967 decree on agriculture that spelt out the 52 Restructuring the Soviet economy new regime in this connection, and though the exact extent of autonomization of subsidiary industrial activity was left a little unclear, a legal source from 1973 stated that Kolkhozy, sovkhozy and other agricultural enterprises, and interkolkhoz organizations, sell the output of subsidiary enterprises and workshops on the basis of agreements concluded with the state trading network, industrial enterprises, consumer cooperatives, and other economic organizations.

Restructuring the Soviet Economy

Khrushchev was the first Soviet leader to try to breathe real life into the CMEA specialization framework. It was quite simply an invention that did not work. . . . A high degree of centralization may have permitted the authorities to concentrate what cadres they had to maximum effect.

Restructuring the Soviet Economy

But he then left the USSR, and his first systematic 2 Restructuring the Soviet economy Table 1. In sum, then, capital tended to be used wastefully because of its key role as an instrument of mobilization.
