A human motor behavior model for distal pointing tasks

Suggestion: Target new visitors especially. I buy most every new major product Apple releases on Day One and have much of my retirement invested in Apple stock.

Particletree » Visualizing Fitts's Law

I've selected 20 most useful user experience survey questions UEQ for your inspiration. This notice must be retained together with any version of the work. The document was transferred to the printer and erased forever from the desktop.

What is Fitts' Law?

See for why this is bad. This helps a lot in sequential user actions.

Characterizing non

I really like your suggestion of thinking of a principle a day and letting it sink in.

Expandable Menus: Pull

For the vast majority of conditions, however, actual amplitudes and angles were remarkably close to the specified conditions. Pie menus have never been really popular.
