### Petroglyphs, Pictographs and Rock Art

Information about ore minerals, gem materials and rock-forming minerals.

### TSHA

While thousands of paintings and engravings from Tassili n'Ajjer have now been recorded, it is likely that there are many more yet to be found. Beckensall donated his Northumberland rock art archive to the Newcastle University. Others might be totems for social groups or might have played a ritualistic role to ensure a good hunt.

### RN&R • Rock art

Even though some graffiti artists have become famous for their work, they do not enjoy the same freedom of expression that was enjoyed by ancient artists! Many are more recent works and are possibly the result of the influence of the ancient art on later American Indians. The pictographs of the Lower Pecos River have been categorized into several distinctive styles.

### The Rock Art Carvings of Northumberland England

In the heart of the Sahara lies the Tenere Desert. The Hjemmeluft rock art site as seen towards the north from Alta Museum.

### Ten Mysterious Examples of Rock Art from the Ancient World

Boyd, an artist who had recently received her doctorate in archeology, founded the Shumla Archaeological Research and Education Center.

### The Rock Art Carvings of Northumberland England

The paintings and petroglyphs vary in age; some are estimated to be thousands of years old, while others date only from the 1700s and 1800s and are of Plains origins. The rock art in the appears to show similar changes after the Paleolithic, and the wooden is a rare survival of what may well have been a very common material for sculpture. It has also been suggested that women made these when they came of age as a fertility rite.

## **TSHA**

The Rancho Peludo style of western Venezuela featured relatively simple textile-type decorations and incisions. Paintings are black partially filled in with brown or red, and there is expert use of shading.

## **Prehistoric Rock Art: Types, Characteristics, History**

Campbell Grant, Rock Art of the American Indian New York: Crowell, 1967. Mostly, these unknown artists chipped abstract shapes into the granite: circles with lines radiating from them, wavy parallel lines descending from straight lines, concentric circles, and circles with wavy tails, to name a few. The Rock art comprises both rock carvings and rock paintings made from 7000 to 2000 years ago.
