An Explanation of Muhammad Ibn Abd Al

This careful and accurate delineation of personality is effected largely through dialogue which skillfully brings out the traits of such personalities. It was generally through Spanish, Portuguese, and Italian that Arabic influenced other European languages, including the Scandinavian languages. يعتبر هذا الكتاب من أهم المصنفات التي صنفت في التفسير الفقهي في المذهب المالكي، ويتعرض هذا الكتاب لسور القرآن كلها، إلا أنه لا يتعرض إلا للآيات التي فيها أحكام فقط، وأورد فيه جميع المذاهب الفقهية ولكنه يميل للمذهب المالكي.

Ahkam al

This is seen when the length of words varies within the same sura. The Qur'an has several hundred such foreign borrowings. Other holy books also came to be associated with specific languages, such as the Torah with Hebrew, and, perhaps less intimately, the New Testament with Greek and Latin.

Sharh Aqidatul

It was under the banner of religion that Arabic spread beyond the borders of the Arabian Peninsula. In one scene, for example, we find one of Joseph's brothers entering the king's court in Egypt where Joseph is the keeper of the store-house. This 'music' is more noticeable in short verses than it is in long ones.

The Qur'an does, however, reflect certain aspects of poetry, especially with respect to its use of words with identical numbers of syllables. From literary, structural, and stylistic points of view, the Qur'an added immeasurably to the beauty of the language, introducing new styles, forms of expression, figures of speech, and structures. Another aspect of the novelty of the Qur'an language has to do with its themes.
