## Frontiers

Currently there are major gaps in the implementation of these interventions particularly at the primary health care level.

## The Effects of Smoking on Periodontal Therapy: An Evidence

Hasuike A, Ueno D, Nagashima H, Kubota T, Tsukune N, Watanabe N, et al.

## Dental implants

Prevalence of peri-implantitis in medically compromised patients and smokers: a systematic review. Horses and cats are also affected by this disease most commonly affecting the mitral valve leaflets ; however, it is uncommon in these species. The benefit from replacement with appears greatest, while replacement of saturated fats with does not appear to have a beneficial effect.

## Osseointegration for elderly patients: The Toronto study

Open Access This article is licensed under a Creative Commons Attribution 4. The ESC Guidelines represent the views of the ESC and were produced after careful consideration of the scientific and medical knowledge and the evidence available at the time of their publication. Symptoms The symptoms of cardiac tamponade vary with the length of time over which pericardial fluid accumulates.

## 2014 ESC Guidelines on the diagnosis and treatment of aortic diseases

Acute or rapid cardiac tamponade is a form of cardiogenic shock and occurs within minutes. In a few cats, both a thrombus and spontaneous contrast can be noted.
