Monitoring for adverse drug reactions : proceedings of the Centre for Medicines Research Workshop held at the Ciba Foundation, London, October 4, 1983

Bellman MH, Ross EM, Miller DL. Polio, politics, publicity, and duplicity: ethical aspects in the development of the Salk vaccine. Boletín Médico del Hospital Infantil de México 1983;40:604-612.

Bibliography

Safety of measles immunization in children with IgE-mediated egg allergy letter. Canadian Medical Association Journal 1992;146:36.

UNIVERSAL IMMUNIZATION Medical Miracle or Masterful Mirage By Dr. Raymond Obomsawin

Diphtheria, tetanus, and pertussis: guidelines for vaccine prophylaxis and other preventive measures. In our own data, an evaluation of the NLP diagnosis application yielded a precision of 99% and a recall of 98% for vascular dementia, and our evaluations of the pharmacotherapy application found over 90% precision and recall for clozapine, although higher accuracy may be due to the combined use of structured data. People learn to fear, distrust and disrespect the natural world, and their own bodies.

Cohort profile of the South London and Maudsley NHS Foundation Trust Biomedical Research Centre (SLaM BRC) Case current status and recent enhancement of an Electronic Mental Health Record

Commentary on the oral poliomyelitis vaccine Sabin : associ- ated cases of acute persisting spinal paralysis.

Bibliography

Canadian Medical Association Journal 1987;137:418-419. Medical Journal of Australia 1972;1:387-388.

Bibliography

Long-term follow-up of hepatitis B vaccination in infants born to noncarrier mothers in Taiwan. In these various reports, without exception, the level of success as reported correlates directly with the amount of dosage administered.
