Magazines for Children

A great science magazine for children, suitable for school pupils in KS2 and lower KS3.

Our Children Magazine

The 10 books in the Easy Library have fewer words per page and shorter sentences than the onlevel books and some patterned text—to help build decoding automaticity in emergent readers. J Magazines The fun cooking magazine for families. There are important issues that obviously just the parent should deal with, and there are issues that teachers can appropriately discuss with their students as well.

Random House Teachers and Librarians / Resources for Educators, Librarians, and Parents

From the publishers of The Week Junior.

The Superkids Reading Resources

Perhaps start a weblog or learn how to make a website because self-expression can be exciting. We differentiate instruction and often discuss academic progress with our students. A good fit for students with proficient reading skills, the 10 books in the On-Level Library have longer sentences and more words per page than the easy books.

Resources for Parents, Teachers, Librarians and Other Professionals

Thank people for what they have given you.

Boosting Self

. Each issue is themed around a specific animal or group of animals, discussing habits and habitat in depth so the reader gains a thorough understanding.

Random House Teachers and Librarians / Resources for Educators, Librarians, and Parents

And it gives them something to look forward to in the mailbox! Take time on weekends to learn new skills together. The website includes links to stories, fun facts, games and other activities. We are constantly adding new content.

Random House Teachers and Librarians / Resources for Educators, Librarians, and Parents

Good for upper KS2 and lower KS3. Formerly called National Geographic World J Magazines Published by the National Geographic Society for kids between the ages of 8 and 14, Kids covers a wide variety of topics, but focuses on geography, adventure, wildlife and science issues. Document your experiences and thoughts so you can look back on situations and see how you responded.
