History of women: women's contribution to aviation.

Safety was always a priority in the AWTAR, and gradually over the years, the message was clear to the public — women are good pilots. While Gökçen was not the first to have participated in military operations, she was the first woman to have been trained as a military pilot, graduating from the Aircraft School Tayyare Mektebi in. One of the most famous figures in aviation history is Amelia Earhart.

Women in aviation

When it was brought before the full Senate in 1887, it was defeated.
