Introducing Christian Doctrine : Millard J. Erickson : 9780801049194

Pastors and students alike will find this survey of Christian theology and doctrine to be biblical, contemporary, moderate, and fair to various positions. The book's presentation of traditional doctrine in freshly contemporary ways, its concern to hear and critically engage new voices in theology, and its creative and accessible style have kept it one of the most stimulating, balanced, and readable guides to theology available. Determining if there is a deeper meaning in the text can be done by recognizing a different, more figurative, mode of writing.

Introducing Christian Doctrine, Third Edition: Millard J. Erickson: 9780801049194

Erickson begins by explaining what theology is and then progresses through the doctrines of revelation, God, creation and providence, humanity, sin, Jesus Christ, the Holy Spirit, the atonement and salvation, the church, and eschatology. In so doing, Peckham surveys a range of live options regarding each of the primary questions, briefly considering where each falls within the spectrum of the Christian tradition and providing clear and readily understandable explanations of the technical issues involved. And while this may be good history, it can make for confusing theology, with the classic theological loci scattered throughout various time periods, movements, and controversies.
