Over the years, in travels from east to west, some of the stuff I read in this book many times over the years came in handy when fishing in the Atlantic or the Pacific while on vacation. Yet, the creatures of the earth, including ourselves are not changing, we are not evolving.

The salt

Later in the year after getting this book, and getting a fly fishing rig and a spinning rig, I was ready to go trout fishing in Colorado on vacation with the parents. The third edition of this indispensable guide, which has already sold almost 300,000 copies, has been written and revised by the foremost authorities in the field, and provides an in-depth course in every type of saltwater fishing. The salt

These books sold often in racks in sporting goods stores in Houston like Oshman's and in the sporting goods departments of stores like K Mart, Gibson's Discount Center, Ward's and Sears.
