## Haiti nutrition status survey, 1978

Parents should be encouraged to provide breakfast for their children or explore the availability of a school breakfast program.

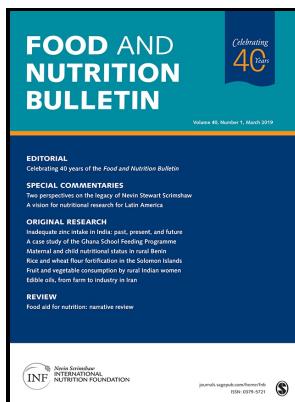

## Haiti nutrition status survey, 1978

We summarized the results of 47 studies examining the association of breakfast consumption with nutritional adequacy nine studies , body weight 16 studies , and academic performance 22 studies in children and adolescents. See Methodology for more information on the indicators.

## Nutrition Knowledge and Attitudes of College Athletes

The traditional Native American diet consisted wholly of lean meats, protein, fruits and vegetables and low in fat, non-processed sugars and sodium.

## Nutritional consequences of the transformation from subsistence to

## **commercial agriculture in Tabasco, Mexico**

For example, household surveys in some countries in the early 1990s only collected child anthropometry information among

children up to 47 months of age — or even up to only 35 months of age. Links to PubMed are also available for.
