## **Jesus the Seer: The Progress of Prophecy**

And most of us who prophesy have never considered wearing a John-the-Baptist-style hairy shirt! It does not set Hebrew prophecy apart from its ancient Near East prophetic surroundings, unless in the degree that self-criticism comes to the fore in Israelite prophecy. God then resurrected Jesus, and in doing so, God disarmed the spiritual rulers and authorities demons and put them to open shame, triumphing over them in Jesus. I know a very good woman who doubted this and simply asked Jesus himself to send her a clear signal so that she could be clarified.

## **Jesus the Seer: The Progress of Prophecy by Ben Witherington (Editor), Paperback**

The invaders discovered the prophet had a direct line to the God of Israel, and decided to send an army to kill him. This view has also led to the assumption that they are the forefathers of those who preach the social gospel. .

## **Prophets and Seers**

What has not been attempted since 1999, so far as I can tell, is what I sought to do with the volume Jesus the seer: namely, study Jesus and early Christianity in the context of the long practice and history of prophecy in the Ancient Near East, in the Old Testament, in the Greco-Roman world, and in early Christianity, and see how the prophetic traditions and practice developed over time.

## **Jesus the Seer: The Progress of Prophecy by Ben Witherington III (9781565633445)**

The author of 2 Peter, however, sees God and not Christ as the one who chained the disobedient angels; this comports with the font of this tradition in Isaiah. Prophecy, whether from Mari or Jerusalem or Delphi or Rome, was spoken in known languages, usually in poetic form, and so it was an intelligible, even if often puzzling, kind of discourse. Often the Lord tells me not what I like to hear: That I have to repent about something, or that I have to take action, instead of sitting back in my chair and letting the Lord solve my problems.

## **Jesus the Seer: The Progress of Prophecy by Ben Witherington (Editor), Paperback**

The grey are not so much and the ones that possess are very invisible to most people but they manifest when Spirit-filled Christians who see know they are in people.
