religious groups

The information indicates that the Muslim community has successfully struggled to maintain a visible identity in the face of numerous forces that sought to threaten its very existence.

**The most and least educated U.S. religious groups**

When it comes to higher education, only 2. This school was briefly located at the nearby Tunapuna mosque and was then shifted to the Back Street compound.

**State of education among Muslims is distressing,says Qamar Siddiqui**

Though the standard of instruction was criticized as rudimentary, well below European standards, and cultivating little more than memory. From around the 1930s, the maktab system played a useful in imparting Islamic education mainly to the younger Muslims.

**The Muslim gender gap in education is shrinking**

When healthcare professionals interact with a Muslim patient, they should follow certain guidelines whenever possible. Because of an increase in family members, usually the house hold work also increases. Their curricula were limited; they could not always attract well-trained teachers; physical facilities were not always to a educational environment; and conflicts between religious and secular aims in these schools were almost irreconcilable.

**Muslim movement: What was the Aligarh movement**

The situation in India is not much different either. The modern student of history finds it incredible that the Arabs lived, generation after generation, century after century, without a government of any kind.

**Education of Women in Medieval India: Hindu and Muslim**

Tags: #Demographics

**The most and least educated U.S.**

Despite the fact that there are so many Muslims in the world, in many places there is a lack of understanding about Muslim people and Islam.
