The Martha's Vineyard Cookbook, 4th: Over 250 Recipes and Lore from a Bountiful Island by Jean Stewart Wexler

Everything she bakes and cooks comes out perfect. I have zero connection to Martha's Vineyard, but still this cookbook was interesting. The late Louise Tate King cooked professionally for more than thirty years.

For New England Open-House Cookbook, she draws from her memories of growing up in Connecticut and Maine; her experience living and cooking on Cape Cod; and her extensive travels meeting farmers, fishermen, and chefs. Photographs and sidebars focusing on Vineyard folklore and natural history imbue the book with a nostalgic charm that allows anyone to take home a little part of the island. This comprehensive cookbook contains more than 250 authentic recipes that reflect the culinary heritage of the people who have made this tiny island their home - Wampanoag Indians, English and Scottish whaling families, Portuguese fishermen, and many others.

I skipped over the thick chapters dedicated to meat, and there were some yummy-sounding potato salads I would like to make. She now lives on Martha's Vineyard year-round with her husband and her poodle, tending to several large flower gardens, fishing, studying jazz piano, writing gardening pieces for the Vineyard Gazette and other publications, and--of course-- cooking.
