Sherlock Holmes, the world's most famous literary detective

The , now commonplace, was a novelty in the 18th century, and several persons created indexes for older books of learning to allow anyone to find what an author had to say about a given topic at a moment's notice. Detailed entries offer students and other researchers access to a variety of important interpretations of historical periods, literary trends and topics, and the achievements of noteworthy individuals.

In an effort to transcend the starkly defined racial categories of the 1950s, he was sometimes criticized for choosing white society over his African American identity. Tristram seeks to write his , but like Swift's narrator in , he worries that nothing in his life can be understood without understanding its context. The book was published and republished in at least 13 editions up to 1520, then revived from the late 16th century, undergoing at least 16 editions between 1574 and 1669, as well as numerous editons in German, French and English.
