## chariot

The owners agreed to let me take him to a facility where I could put him on a strict exercise program of six days per week.

## The Horses Mind

To be successful with straightness training we have to try to think like a horse to avoid the frustration riders encounter when they try to use human logic in training.

## **Understanding Horse Personalities, Part 1: The 4 Basic Personality Types**

Some horses are tolerant of pain created by saddle fitting issues, forced positions, unbalanced riders...other horses are not.

## **Maryland horses in NY state of mind \* The Racing Biz**

## **The brain of the horse**

A horse whose mind is well focused in a controlled setting, say a round pen or barn, may act quite differently on the trail. He is owned by R.
