## Health Effects of Exposures to Mercury

In adults, the earliest signs and symptoms are nonspecific and can take months to develop. In the case of government publications complete bibliographical data and report numbers are given.

## Mercury in the environment; an epidemiological and toxicological appraisal. Editors: Lars Friberg [and] Jaroslav Vostal.

This paper examined the historical uses of mercury, the background concentrations of mercury, the analytical methods for the determination of mercury, the contamination of the food chain by mercury, the biological methylation of mercury, the decontamination and restoration of mercury polluted areas, the epidemiology and toxicology of mercury, and the chronology of the world's mercury poisoning problem.

## Tissue concentrations of mercury after chronic dosing of squirrel monkeys with thiomersal

Mercury analyses were performed by flow-injection cold-vapor atomic absorption spectrometry using Perkin-Elmer apparatus FIMS-400; Perkin-Elmer, Norwalk, CT, USA. Support for this study was provided by the Inter-American Institute for Global Change Research CRN 3034 , Bass Connections at Duke University, and Hunt Oil Peru LLC HOEP-QEHSS-140003.
