Autobiography: Chapters in the Course of My Life: 1861

Although naturally clairvoyant, Steiner always recognized the integrity and importance of modern scientific methods, and thus he developed a modern discipline he named Anthroposophy, or spiritual science. SteinerBooks Catalog: If SteinerBooks has in stock, it will be. Steiner believed that human beings had evolved to the point where material existence had obscured spiritual capacities and that Christ had come to reverse that trend and to inaugurate an age of spiritual reintegration.
