## Modeling fertility in modern populations (Volume 16)

This guide provides background information on GPS, how the technology works, how GPS data are collected, and how they are used in the context of a DHS. In other terms, they do not account for the human capacity to deviate from an expected course of action.

### Haiti (HTI)

Berkeley, Los Angeles: University of California Press. The DHS Program believes that widespread access to survey data by responsible researchers has enormous advantages for the countries concerned and the international community in general. We find that after the parental leave reform was implemented a declining trend in the age-standardized first-birth rate came to a halt and first-birth intensities stabilized.

### Age Structure

Scherbov, Europe's Population at a Turning Point, Science, 28 March 2003, vol. Cultural questions such as an acceptable age of retirement, delaying work for education, and the role of women in the labor force vary greatly by country and across time. Source of the data : Table 5 of the United Nations Monthly Bulletin of Statistics , September 2009.

### United Nations Economic Commission for Europe [WorldCat Identities]

The process of demographic translation. Even though the LFDR is still expected to climb, it suggests more flexibility. Public Opinion Studies and Evaluations.

### Societal Transition, Policy Changes and Family Formation: Evidence from Hungary

Scherbov, Europe's Population at a Turning Point, Science, 28 March 2003, vol. Findings support the existence of links among intentions, in that some are competing and others supporting.

## **A reflection on economic uncertainty and fertility in Europe: The Narrative Framework**

We distinguished between binding and non-binding acts, and we analysed the key topics and frames of the EU documents collected in our dataset. In this paper we wish to report on the key results of the research.
