## How to Accommodate Different Learning Styles

There are ways of teaching that create a flash of understanding in the child's mind, an ease of learning, an indelible memory created. Difficulties can manifest in a number of ways and no two children will face the same challenges. Social learners process information by interacting with and relating to others.

## Teaching Visual Learners: Tips and Strategies for Teachers and Parents

### 6 Highly Effective Strategies for Teaching Visual Learners

To help build reading comprehension, ask the student to read the material and draw a picture to summarize it. Pair students up with a note-taking buddy so they can concentrate on learning instead of struggling to record information.

## Overview of VARK Learning Styles

Our practice was for me to say the word we were discussing, sound the word out together auditory , then while the kids sounded the word again, they wrote each sound on their board tactile. For example: a student could imagine being a character in a novel. Lesson Plans for VTS 1.

## Overview of VARK Learning Styles

Children struggling to attain early writing skills benefit from explicit teaching Hall et al. When I had reflected on all my experiences with children, some specific ideas emerged based on the years of research with real kids.
